

**PREPARATION FOR:  
PANTRY PEST**

**IN ORDER TO PROVIDE A THOROUGH TREATMENT TO ELIMINATE THE CURRENT INFESTATION WE WILL NEED YOUR COOPERATION. YOUR COMPLIANCE WITH THE FOLLOWING INSTRUCTIONS WILL ENSURE THE MAXIMUM EFFECTIVENESS OF THIS TREATMENT. IF YOU REQUIRE ASSISTANCE, PLEASE CONTACT YOUR LANDLORD.**

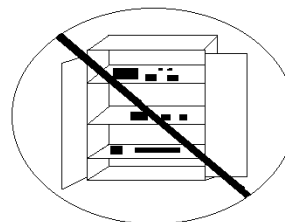

1. Remove everything from the kitchen and bathroom cabinets, drawers and closets. Place the contents on a table or in the center of the room and cover with a sheet.  
**DO NOT PLACE ITEMS ON COUNTERTOPS, SINK, SHOWER OR BATHTUB.**
2. Remove all shelf paper and/or liners from closets, cabinets and drawers.
3. Wash all counters, shelves, cabinets, exhaust hood, baseboards and hard floors to remove any grease, dirt, glue and dust prior to treatment.
4. Remove dead insects and insect droppings
5. Dispose of all trash.
6. Reduce clutter.
7. Inspect food (flour, grains, cereal, spices etc.) for insects and eggs.
8. Discard infested food.
9. Store food in sealed containers.
10. Inspect the entire residence including closets for insects. Empty infested closets for treatment.
11. Vacate premises for four (4) hours unless otherwise advised. Persons with medical conditions should consult their physician prior to treatment.

Upon return, you may place your items in the cabinets and drawers and resume normal activity. **DO NOT WIPE OR CLEAN TREATED SURFACES.** Do not become alarmed if you notice a few insects after the premises have been treated. The materials start working immediately and continue to work up to 30 days. If you are still having a problem after 10-12 days contact the landlord to schedule another treatment.

**THANK YOU FOR YOUR COOPERATION!**
